Declaration

While selecting textbooks the School Textbook Committee, Principal and Management take extreme care and ensure that text books of all subjects are based on principles of Child-centered education, Activity Based Learning, Child Development and Value Education. The contents are arranged in a systematic manner with graded order of difficulty. Simple language is followed in the textbooks in accordance with the level of students. Diagrams and Tables are properly distributed throughout the book. The School is following different Subject Text Books from different private publication. Text books and other Teaching and Learning aids are in use as per local requirement. The contents of the school textbooks have been thoroughly scrutinized. We hereby declare that our school books do not contain anything objectionable to any religion, culture, gender, class or community. If found prescribing books having any objectionable content, the school will take responsibility of the content. The syllabus and text books selected are in accordance with RTE Act ,2009.
